I note your objection. In deference to your concern, we will change the page limits to 15 and 20 but not unlimited.

Thanks for the e mail. We talked a lot about the limit. The thought is that folks will be more concise and really think through the important points to make. If the submissions are unlimited it will dilute what folks have to say.

Henry, thanks for holding the call yesterday. What is the rationale for limiting the submissions to 10 or 15 pages ? We don't believe there should be a limit.. Thanks, Lee

Subject: FCC Protocol and Webinar

Ladies and Gentlemen-

As best we can, we have tried to create a list of e mail addresses for all the firms who have submitted time to the PSC in regard to TVM MDLs.. Attached you will find a "Draft Protocol" that the FCC has created setting forth the review process we currently intend to utilize in analyzing submissions of time and ultimately expenses submitted to the PSC over the years.

We want to give you the opportunity to review the protocol and make constructive comments to us.. We have set up a webinar to occur on May 17 at 12:30pm eastern.. The instructions for joining the Webinar are set forth below...

If you have any difficulty opening the sharefile with the documents, please contact either Tammy Tiller or Denise Harris in my office.. They are copied above so you will have their email addresses.

Henry
